A solid foundation

In May 2022, Legacy Network was founded and we had a great journey since

About

"Our mission is to make education as engaging and accessible as entertainment"

Secure & Stable Base

Registered in Liechtenstein, we work with experts in Legal, Compliance and Finance.

Strong Core

The core team is from Switzerland and built on a strong organizational framework
Problems we solve

Traditional education methods are often expensive, uninspiring, and lack the engagement needed to keep users motivated.

Expensive

Lack of Gamification

Limited content diversity

Not Engaging

Market Opportunity

There's a significant gap for a platform that combines education, gamification, and blockchain to offer engaging, affordable learning.

Revenue Model

Legacy Academy operates on a freemium model, with users subscribing for premium content and features. $LGCT tokenomics offer additional revenue streams through a buy back and burn system.
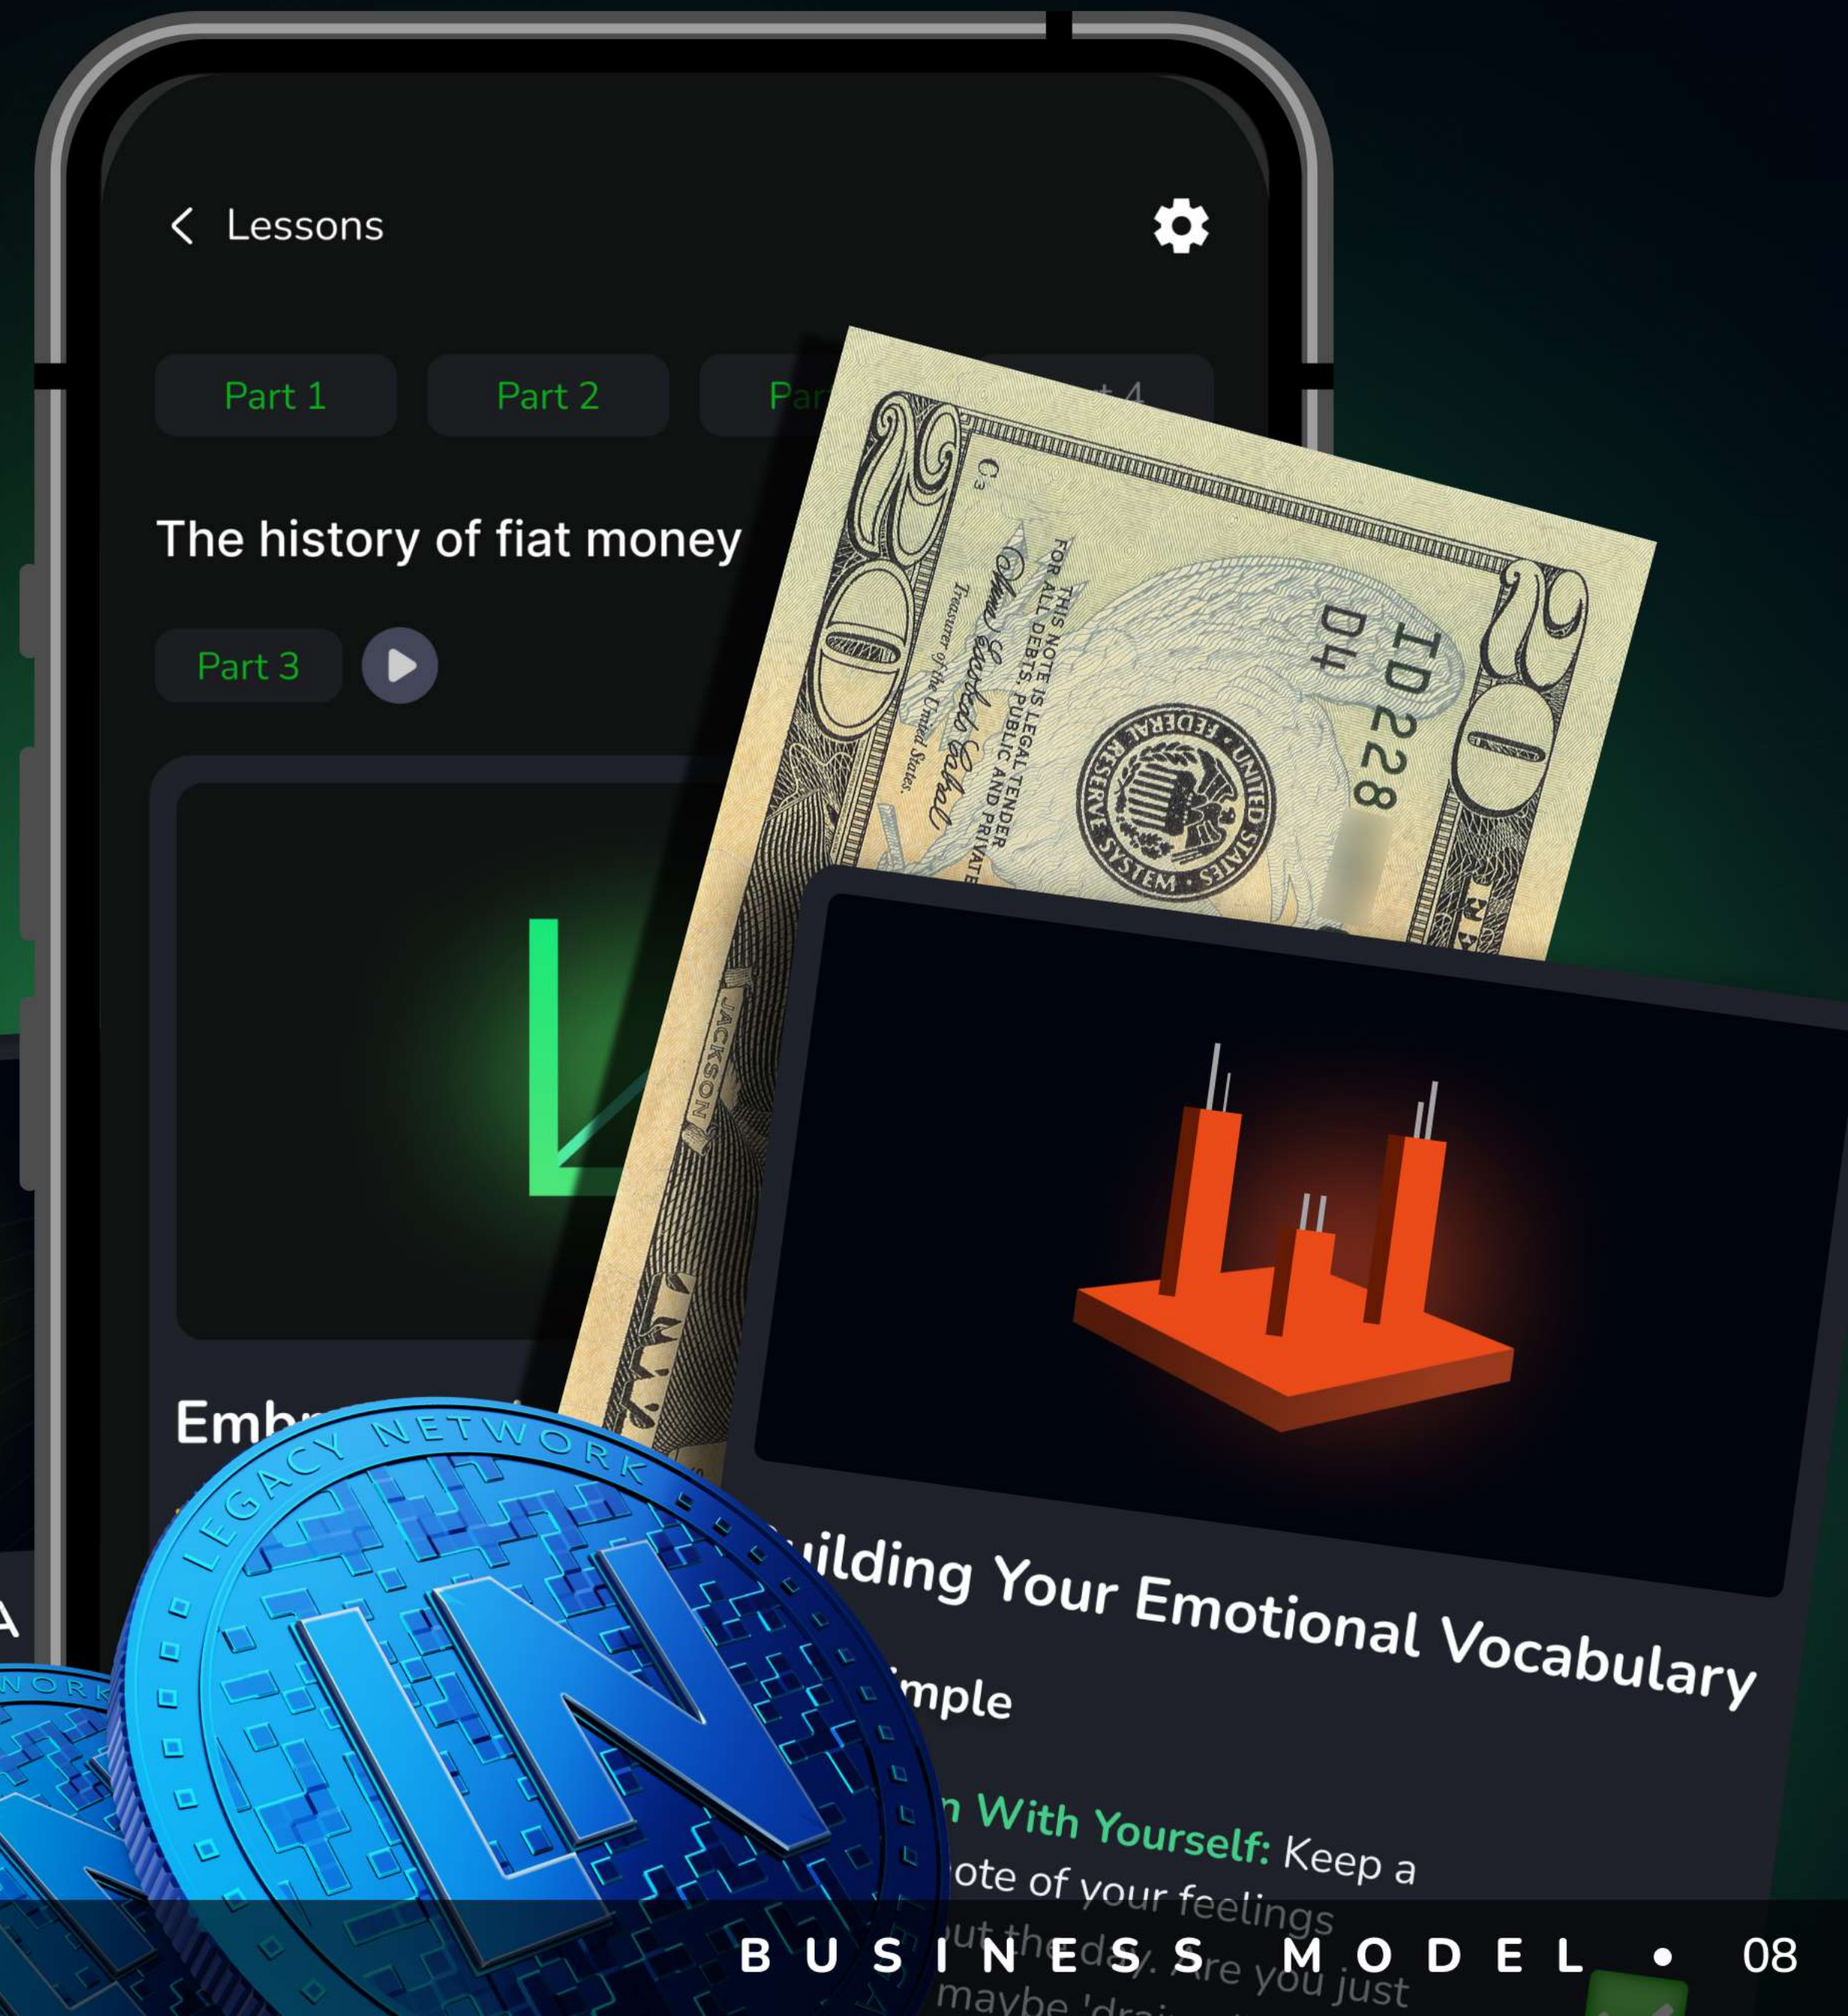

Metrics and Milestones

- Legacy Academy has over 900,000 downloads within eight months of launch.
- Legacy Wallet has garnered thousands of users, facilitating seamless transfers of tokens.
- 4.7 stars across Play store and App Store.

Market Response

- Customer feedback highlights strong engagement, with users praising the gamified approach to learning.

- Press coverage and early investor interest from traditional finance sectors, including backers from Swiss banks.

★★★★★

I Love Learning and Earning Rewards! Kudos to Legacy Academy for merging the "play to earn" business model with education. Nice work team!

★★★★★

Best Learning app on IOS. I have been using legacy academy for a few weeks and it has been an absolute gem of an app. The courses are easy to understand and follow. I love the variety of topics that are available, from business to relationships.

★★★★★

To me personally, Legacy Academy provides a great range of courses with engaging content and an easy-to-use interface, but it could benefit from more personalized learning paths. Overall, it is 5 on 5.

Growth

Achieved **exponential growth** in user adoption, doubling month-over-month thanks to our gamification model and integrated token reward system.

Target Audience

- Primary focus on young adults (16-35), professionals, and lifelong learners.
- Future segments include corporate learning and B2B partnerships with educational institutions
Roadmap 2025

1. Expand into non-English-speaking markets with localized content to reduce acquisition costs by 30-60%.
2. Launch B2B solutions tailored for corporate training and development.

Customer Acquisition

Legacy Academy's viral referral system and community engagement strategies have driven significant organic growth. We plan to scale paid marketing to tap into larger, underserved markets.

Token Accessibility

$LGCT will become the **#1 Education Token** and the first step towards this goal is going multichain and making the token more accessible.
AI-Integration

Integrated to deliver personalized content based on individual goals, provide accountability via push notifications, and enhance brand engagement through an AI agent on social media that rewards user participation.

Financials

Historical Financial Performance

>$15 million through token sales

Key Financial Metrics

High customer lifetime value, low CAC, and strong margins ensure scalable profitability over the next five years.

Projections

2025
$1.18M revenue with
50,000 Premium Users

2026
$21.24M revenue with
150,000 Premium Users

2028
$84.96M revenue with
600,000 Premium Users

Profitability expected by Q1 of Year 2.

What is $LGCT

Legacy Token ($LGCT) is a multichain utility and payment token. Its purpose is to contribute to the growth of our ecosystem

Blockchains
Binance Smart Chain | Ethereum | Base

Token Use-cases

Access to products and services

The Legacy Token (LGCT) serves as the main payment method for subscriptions and purchases within our ecosystem.

Buy items and collectibles

This enhances app functionality for users, encouraging them to hold onto their tokens rather than sell.

Academy rewards

Users will be rewarded for completing quizzes and challenges. LGCT plays a key role in promoting growth on the platform.

Business to business utility

The Legacy Token (LGCT) will be needed to access our B2B services.
